

CA DIRT MTB SERIES UPDATE AND REQUIREMENTS (AS OF 02/05/19)

Series is the 2019 USA Cycling Mountain Bike XC State Championship as a “series” for California. A USA Cycling MTB XC State Championship Series includes **two or more events** in which riders accumulate points in discipline/class/category/age toward an overall cumulative points total for the series of 5 races. The highest ranking rider of each discipline/class/category determines the USA Cycling State Championship winner/title.

CA Dirt MTB Series event is a fundraiser to support YBONC programs for Nevada County school bike clubs.

In the event of a points tie, it will be determined by the finish order at the most recent event (Race 5). The top three licensed riders in the point series will be awarded state champion medals and a CA state champion jersey. You must have a current annual license BEFORE starting Race 5 to be eligible for the state championships. The racer's age on December 31 of the current year is used to determine which age class the racer competes in. No age group changes should need to occur during the series. If a rider upgrades or downgrades their category during the series, they will not carry any points with them between categories.

Refer to official event websites for race series details/updates, fees, and registration link to BikeReg at <https://ybonc.org/events/dirt-classic/>
