

CA DIRT MTB SERIES UPDATE AND REQUIREMENTS (AS OF 05/02/21 ... Review-Series Pending USA Cycling)

Series is the 2021 USA Cycling Mountain Bike XC Regional Championship as a “series” for California and Nevada areas. A USA Cycling MTB XC Regional Championship Series includes **two or more events** in which riders accumulate points in discipline/class/category/age toward an overall cumulative points total for the series of 3 races. The highest ranking rider of each discipline/class/category determines the USA Cycling Regional Championship winner/title.

CA Dirt MTB Series event is a fundraiser for YBONC programs supporting Nevada County school bike clubs of approximately 300 middle school and high school youth.

In the event of a points tie, it will be determined by the finish order at the most recent event (Race 3). The top three USAC licensed riders in the point series will be awarded regional champion medals and 1st place winner of his or her cat/age will receive a regional championship jersey. Participating racers must be a 2021 USAC license holder BEFORE starting Race 3 to be eligible for the regional championships. The racer’s age on December 31 of the current year determines which age class the racer competes in. No age group changes should need to occur during the series. If a rider upgrades or downgrades their category during the series, they will NOT carry any points with them between categories. Only racers who hold a USA Cycling annual license are eligible for the Regional Championship. ALL racers who finish in the top-15 of their entry category and age group at the end of Race 2 series qualify for USA Cycling’s MTB National Championships, July 5-14, 2021, Winter Park, Co.
