

About California Dirt MTB Series USA Cycling Permit #: 2023-7119

Youth Bicyclists of Nevada County (YBONC) is excited to host the 5th California Dirt MTB Series and as the 2023 USA Cycling Regional MTB XC Championship Series for California and Nevada regions, introducing a NEW race weekend venue to the series for Race 4-Scotts Lake XC/ST and Parliament Enduro!

The series is an event fundraiser for YBONC programs supporting Nevada County youth bike clubs for middle school and high school ages, founded in 2008. We are YBONC proud as our 2022 membership data shows over 340 youth participated in organized youth bike club rides, trail and bike park stewardship projects, biking fun, and a stakeholder in Nevada County's Recreation Resiliency Master Plan. We at YBONC Foundation want to say "Thank You CA Dirt MTB new and returning racers" for supporting our races and YBONC programs!

NEW...Race 4 Oct. 14, 2023, Saturday - Parliament Enduro (3 Stages) / Short Track (ST), (0.7 mi., 20 minute plus)
Oct. 15, 2023 Sunday - Cross Country (XC)

- HUGE SHOUT OUT to the Grime Minsters of the Parliament Trail System are Orion Kroeger, Dylan Mitzer, Elias Grant, Nathan Hobbs, Max Norskog, Jane Ragan, BONC members, and the MTB volunteer community dedication of volunteer hours to make this happen! Trail planning started 2019, environmental approved 2021, and build started in 2022. Please thank them in person during the Dirt Daze Event (May 6th) or if you see them on the trails or other races!
- With over 30 years of experience around Mountain Bike racing, Laurent Frieden has joined the CA Dirt MTB Series team to help organize a new and exciting event at the beautiful shoreline of NID's Scotts Flat Lake Campground, only 15 driving minutes from downtown Nevada City, CA. **Race 4 Enduro proceeds to BONC, and XC/ST proceeds to YBONC!**
- The Cross-Country (XC) course is a mix of fun and fast rolling single track, spiced with a few challenging climbs and a diverse variety of landscape and trail undergrounds, including a few bridges and water crossings, and a Start/Finish area at the boat ramp, a perfect spectator location for photos and cheering. The Short Track (ST) race is in the same location for spectators to view racers on the entire ST course.
- Note: We will announce the last week of April if we need to cancel Race 1 due to snow, extreme weather conditions, etc.

SERIES RULEBOOK

(USA Cycling Sanctioned as a series)

REQUIREMENTS

Read Important Steps Below To Save You Grief and Time Before You Register Online at BikeReg

- Log into your USAC license profile or open the USAC mobile app to display and update your XC category status for this race season as one of the following: RD: 05, CX: 05, **XC: 03**, TR: 05, DH: 03, MX: 03

- Why your race cat/age group entry must match your USA race license status category for XC.** Racers, BEFORE registering for any of series races online at BikeReg, update your USAC racer profile XC category (upgrade or downgrade). Why? This step assures you are registered for a race category/age group per your race license status for this race season. BikeReg emails us immediately if there is a difference, you perform an override during online registration, and someone from our staff will call you. Again, register for a race as stated on your race license, so your racer data is correct before we download BikeReg racer data for timing services and race plate assignments.
 - If everything matches on race day check-in volunteers will hand you your assigned race plate no. so you can warm up before your start time.
 - You can avoid race day holding up the check-in line on RACE Day if you update your USAC profile XC category and state residence BEFORE you register on-line.
- For USAC Regional MTB XC Championship Series points (USAC winners strip insignia on championship jersey), racers are required to:
 - be a current year USAC annual license holder,
 - USAC racer profile shows racer as a **resident of California or Nevada** by week of Race 4,
 - Complete on-line registration and digital waiver at BikeReg registration.
- For California Dirt MTB Series points (championship jersey), same as the above, (for any US residents).
- For Pro/Cat 1 racers:
 - If you have an EXPIRED USAC annual license, a \$35 One-Day (Experienced) License is required (allowed one time a year), and may be purchased online only, NOT AVAILABLE at race venue on Race Day or during BikeReg race registration Explanation of USA Cycling race fees for “Experienced ONE Day License”, [here](#).
 - To receive purse funds, your USAC race license must show the following status as XC:PRO (not CAT 1) and complete an IRS W-9 form.

Mountain Bike Upgrades

USA Cycling Upgrade/Downgrade Categories: <https://usacycling.org/resources/upgrades>

- For racers who just want to race and are not interested in earning series points**
 - a USAC One Day License (\$15) is required, and available when registering on-line at BikeReg. If a racer is interested in this series points, any One Day License fee is applied toward online purchasing an annual license at [USACycling](#). Please do this 2 weeks before the last date as we will re-run cumulative points before Race 4.

No Race Day Walk-up Registrations Registration and Waivers are to be completed online.

- Online registration closes at 7am Wednesday of each race week!

- We need a couple of days to confirm racer registration data before downloading racer registration data for timing services, contact racers (who missed clicking on the “I Agree” box for the digital waiver), and reduce check-in line on race day. This makes the race day check-in line move fast!
- **Series REFUND Policy:** Refund may apply toward another 2023 or 2024 race registration, or donation for YBONC Programs. Contact us by email (no IM or calls) and we will reply with a registration coupon code to apply.

Be Ready for Race Day at Venues

- **REQUIRED** ...
Proof your 2023 USAC race license showing your cat/age group when you check-in for our races.
- **Check-in volunteers confirm to match your race entry with your USAC race license for XC category and age:** Pro (or UCI) Cat 1 Cat 2 Cat 3.

Why? Cell phone service is poor at our race venues and there's a good chance you will not be able to do an online USAC race license edit with your cell phone to perform a category upgrade or downgrade...copy or screen capture works.

- No RACE Day Walk-Up Registration
 - Why? All race event waivers are digital, processed online at BikeReg registration. We print racer waivers for check-in volunteers and attach race results with post event paperwork.
- Keep our event safe. Please stay home if you have any cold-like symptoms.
- Attach your race plate to your bars with cables on the backside and it is facing forward for course marshals to read and report your race plate number by radio for any reason as you are racing by them. (If you can read your race plate number when sitting on the saddle, re-attach your race plate on the bars again so it's facing forward like car headlights.)
- Know your start time and arrive 10 minutes early for pre-race announcements.
- Racers must start/finish on the same bike, no exchange of parts or aid from others unless you carry it yourself, per USAC rules.
- If you're racing a 2 day weekend race, you keep the same race plate for both days.
- No littering PLEASE. Place any sport food wrappers in your pockets or shorts leg. Bring a trash bag for your personal trash or recyclable items and please take your trash home. Pack-It-In Pack-It-Out Policy!
- Check Lost & Found Box at the next race if you lost any item(s) at previous race.
- If you are spectating, camping, PLEASE leave no trace, pack it in/pack it out.
- **Our events follow state and local CoVID guidelines** based on each race location by county. With new viruses each year, and people not fully vaccinated, please social distance or mask up in public and at check-in until USAC blows his start whistle to prevent spreading of illness to our staff of volunteers and racers. For the latest State or County health guidelines nearing any of series race dates, visit these links.
