Rulebook (and More) for CA Dirt MTB Series

(Revised 02/29/24)

(Series Rulebook pdf - Approval Pending at USA Cycling)

Youth Bicyclists of Nevada County (visit us at [YBONC](#)) is excited to present the 5th California Dirt MTB Series:

- 2024 USA Cycling Regional MTB XC Championship Series for California and Nevada racers,
- NEW enduro stage in the Parliament Enduro, and Race 3 as the NCNCA XC District Championship.

The series is an event fundraiser for YBONC programs supporting Nevada County youth bike clubs for middle school and high school ages. YBONC was founded in 2008 and today's membership data shows over 340 youth participate annually in organized youth bike club rides, trail and bike park stewardship projects, and lots of outdoors biking activities. In 2022, the middle school district approved mountain biking as an official middle school sport. This was ecstatic news to youth and families! Also, YBONC is a collaborative member of the Nevada County's Recreation Resiliency Master Plan. We at YBONC Foundation want to say "Thank You CA Dirt MTB new and returning racers" for racing at our events to help us keep our programs going for Nevada County!

About the California Dirt MTB Series:

- HUGE SHOUT OUT to the Grime Minsters of the Parliament Trail System are Orion Kroeger, Dylan Mitzer, Elias Grant, Nathan Hobbs, Max Norskog, Jane Ragan, BONC members, and the MTB volunteer community dedication of volunteer hours to make this happen! Trail planning started 2019, environmental approved 2021, and build started in 2022. Please thank them in person during the Dirt Daze Event (May 6th) or if you see them on the trails or other races!
- With over 30 years of experience around Mountain Bike racing, Laurent Frieden has joined the CA Dirt MTB Series team to help organize a new and exciting event at the beautiful shoreline of NID's Scotts Flat Lake Campground, only 15 driving minutes from downtown Nevada City, CA. **Race 4 Enduro proceeds for BONC, and XC/ST proceeds for YBONC!**
- The Cross-Country (XC) course is a mix of fun and fast rolling single track, spiced with a few challenging climbs and a diverse variety of landscape and trail undergrounds, including a few bridges and water crossings, and a Start/Finish area at the boat ramp, a perfect spectator location for photos and cheering. The Short Track (ST) race is in the same location for spectators to view racers on the entire ST course.
- California Dirt MTB Series is the next level for NICA athletes beyond league racing, introducing some of the best northern California single track courses bike designed with challenging features and terrain, collegiate racing, and to dream on as a competitive racer.
- Note: We will announce the last week of April if we need to cancel Race 1 due to snow, extreme weather conditions, etc.
- Read about Scotts Flat Lake's history: [here](#)

SERIES RULEBOOK & REQUIREMENTS

Read This Document - Important Steps Below to Save You Grief and Time Before You Register Online at BikeReg

- CA Dirt MTB Series/USAC Regional MTB Championship Series is a USA Cycling sanctioned event series.
- If you are new to USAC sanctioned races, here's the USAC Rulebook: [Click Here](#)
- Renew your USAC license or purchase an annual license or 1 Day License if you are not a USAC license holder.
- Log into your USAC license profile or open the USAC mobile app to display and/or update your XC category status for this race season, Example: For XC-Cross Country Race entry **Cat 1 M 40-49** your category should match the below.

Race Age	45
Gender	Male
Category	MX: 02, DH: 02, TR: 05, CX: 05, XC: 01 , RD: 05

- **Select your race cat/age group entry, matching your USAC race license status category.**
- **Attention racers, BEFORE** registering for any of series races on-line at BikeReg, update your USAC racer profile XC category (upgrade or downgrade). Why? Your race category/age group as stated on your current year USA Cycling race license is the category/age you use to register for when doing on-line BikeReg registration status for this race season. BikeReg emails us immediately if there is a difference between what your USA Cycling MTB profile for XC shows vs. what you're registered to race and that you performed an override during online registration. PLEASE upgrade your XC category BEFORE you register for a race on-line. There is no on-site race day registration or internet services at our venues. **Again, register for a race category/age as stated on your race license** so your racer data is correct before we download BikeReg racer data for timing services and race plate assignments.
 - If everything matches on race day check-in volunteers will hand you your assigned race plate no. so you can warm up before your start time. If your registration category/age does not match you'll be holding up the check-in line or pulled to the side to speak with the event director or USA Cycling official on site.
 - **You can avoid race day hold ups at the check-in line on RACE Day if you update your USAC profile XC category and state residence BEFORE you register on-line.**
 - For USAC Regional MTB XC Championship Series points (USAC winners strip insignia on championship jersey), racers are required to:
 - be a current year USAC annual license holder,
 - USAC racer profile shows racer as a **resident of California or Nevada** by week of Race 4,
 - Complete on-line registration and digital waiver at BikeReg registration.
 - For California Dirt MTB Series points (championship jersey), same as the above, (for any US residents).
 - For Pro/Cat 1/Cat 2 Racers (Experienced Racers w/Expired USAC License):
Please do this 2 weeks and any upgrade/downgrade requests before on-line registration
 - If you have an EXPIRED USAC annual license, a \$35 One-Day (Experienced) License is required (allowed one time a year), and may be purchased on-line only at [USAC](#) membership, click on "Join/Renew" Button and login to your racer account. Experienced Racer 1 day licenses are NOT AVAILABLE at race venue on Race Day or during BikeReg race registration Explanation of USA Cycling race fees for "Experienced ONE Day License", [here](#).

To Do Any USA Cycling Upgrade/Downgrade Categories: <https://usacycling.org/resources/upgrades>

- **For racers who just want to race and are not interested in earning series points**

- A \$15 USAC One Day License for Beginners (Cat 3) is required, and available when registering on-line at BikeReg. If a racer is interested in this series points, any One Day License fee is applied toward online purchasing an annual license at [USACycling](https://usacycling.org).

No Race Day Walk-up Registrations Registration and Waivers are to be completed online.

- Online registration closes at 6am Thursday of each race week!
- We need a couple of days to confirm racer registration data before downloading racer registration data for:
 - timing services,
 - contact racers (who missed clicking on the “I Agree” box for the digital waiver)
- **Problems with your USAC license**, PLEASE update your racer profile **BEFORE** registering for races in this series. Upgrades or downgrades can be performed with:
 - USA Cycling's mobile app
- **Series REFUND Policy**: Refund may apply toward another 2024 or 2025 race registration, or donation for YBONC Programs. Contact us by email (no IM or calls) and we will reply with a registration coupon code to apply.
 Send email to: cadirtmtb@gmail.com
 Subject Line: Can't Race MM/DD/YY R# - Request Coupon Code (or My Entry is a Donation)
- Why should I get an annual USA Cycling Race License/Membership? Here's benefits and why....[Click Here](#)
- **The age on 12/31/24** is your race age per USAC rulebook.
- You do not need a race license If you are racing in the age 5 y.o. or under category in this series. A parent or legal guardian may mentor/escort your child during the race after an adult has signed an event volunteer waiver for racer. A junior racer age 5-7 y.o. must have a completed event waiver and complete one lap by 1HH:30MM. Yes, we've had determined young shredders complete a 3-4 mile course in the past, or the under 1 mile ST course.
- **PLEASE ... CLICK the “I Agree” button for digital waiver when registering for a race at BikeReg.** We have gone paperless; racer waivers are digital for us to download and print for race day check-in. This makes race day check-in line move fast! **We will call you** to log into BikeReg and click the “I AGREE” button if your racer name shows on BikeReg's pending racer waiver report.

You Are Ready to Do On-line Registration for this Series!

- Visit the event website and click the appropriate race  button at <https://ybonc.org/events/dirt-classic/>
 - Answer the “All Custom Questions” at BikeReg for t-shirt size, mailing jerseys, or lost items if you call us.
 - If you procrastinate and register close to the race date, you may not get your t-shirt size. We order t-shirt counts by size 3 weeks before race dates.

Be Ready for Race Day at Venues

- **REQUIRED** ...Make a screen capture for your current USAC license with your XC:##
This must match the category you are registered to race on race day when you check-in.
Your 2024 USAC race license shows your cat/age group, and race age to our check-in volunteers

Why? Cell phone service is poor at our race venues and there's a good chance you will not be able to do an online USAC race license edit with your cell phone to perform a category upgrade or downgrade...copy or screen capture works.
- **Check-in volunteers confirm to match your race entry with your USAC race license for XC category and age:** Pro (or UCI) Cat 1 Cat 2 Cat 3.
- **No on-site RACE Day Walk-Up Registration**
 - Why? All race event waivers are digital, processed online at BikeReg registration. We print digitally signed racer waivers for check-in volunteers and attach race results with post event paperwork.
- Keep our event safe. Please stay home if you have any cold-like symptoms.
- Attach your race plate to your bars with cables on the backside and it is facing forward for course marshals to read and report your race plate number by radio for any reason as you are racing by them. (If you can read your race plate number when sitting on the saddle, re-attach your race plate on the bars again so it's facing forward like car headlights.)
- Know your start time and arrive 10 minutes early for pre-race announcements.
- Racers must start/finish on the same bike, no exchange of parts or aid from others unless you carry it yourself, per USAC rules.
- If you're racing more than one race, you will receive a race plate for each race entry.
- No littering PLEASE. Place any sport food wrappers in your pockets or underneath shorts leg. Bring a trash bag for your personal trash or recyclable items and please take your trash home. Pack-It-In Pack-It-Out Policy!
- Check Lost & Found Box at the next race if you lost any item(s) at previous race.
- If you are spectating, camping, PLEASE leave no trace, pack it in/pack it out to help us keep our landowners happy.
- **Our events follow state and local CoVID guidelines** based on each race location by county. With new viruses each year, and people not fully vaccinated, please social distance or mask up in public and at check-in until USAC blows his start whistle to prevent spreading of illness to our staff of volunteers and racers. For the latest State or County health guidelines nearing any of series race dates, visit these links.

Thank You for Racing with 2024 CA Dirt MTB and Have Fun!
